## HAPPY WOMEN.

Wouldn't any woman be happy. After years of backache suffering. Days of misery, nights of unrest. The distress of urinary troubles. To find relief and cure? No reason why any woman should suffer in the face of evidence like this:

Mrs. Almira A. Jackson, of East Front St., Traverse City, Mich., says: "For twenty years I

was doctoring for kidney and liver trouble, but without benefit. Just before I began using Doan's Kidney Pills I was almost paralyzed. I could hardly stand on my feet because of the numbness and

lack of circulation. Had a knife been thrust into my kidneys the pain could not have been more intense. My sleep was disturbed by visions of distorted figures. The kidney secretions were annoyingly irregular, and I was tortured with thirst and always bloated. I used seven boxes of Doan's Kidney Pills. The bloating subsided until I weighed 100 pounds less, could sleep like a child and was relieved of the pain and the irregularity of the kidney action. My circulation is good and I feel better in every way."

A FREE TRIAL of this great kidney medicine which cured Mrs. Jackson will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale at all drug-gists; price, 50 cents per box.

### GREENWOOD.

**Found Dead.**  
The startling news was circulated rapidly through town, Monday forenoon, that the body of Oliver Ames, a well to do farmer of this place, had been found beside the main road only about half a mile from home. Strange as it appears that he had been there since Friday of last week without being discovered.

All sorts of rumors were afloat in a short time, but the following account is probably the true one and explains the reason for non-discovery of the body. Mr. Ames lived alone with the exception of an aged housekeeper on a back road some two miles from the main highway, and his house was the only one on the road. Inhabited Friday, he went to Locky's Mills and on his way back called at Ross Martin's some three miles from his home. This was the last of his being seen alive.

When he failed to put in an appearance Friday night the housekeeper, Arzella Field, was somewhat alarmed as Mr. Ames never remained away over night. Unfortunately there is no telephone in the house and Mrs. Field had no means of communication with the outside world as she is not able to travel any distance owing to her age and health.

Saturday and Sunday went by with no news of Mr. Ames and it was not until Monday that Osgood Swan coming through to Ames from the Irish Neighborhood was informed by Mrs. Field of Mr. Ames continued absence and requested by him to hunt for him. When Mr. Swan found the body it was lying beside the road almost in sight of the house where Mr. Ames lived. The body was frozen into the ice. The cause of death at this writing is uncertain.

Dr. O. K. Yates of West Paris was summoned and attempts made to secure a coroner's service, Monday. In this the authorities failed, no coroner being available until Tuesday. It is probable that an inquest will be held, possibly an autopsy.

So far as we know Mr. Ames survived by only one brother, his parents having died several years ago. He was well to do for a farmer, but took little interest in public affairs and seldom got away from home and then usually to purchase such provisions and supplies as he needed.

Lyman Plummer, formerly of Sweden, now of Lovell, was given a gold dollar by his father at a birthday present 55 years ago. At that time there was a hundred per cent premium on gold, hence calling the value \$2.00 at that time and reckon compound interest or annual interest for the 55 years what would be the sum it now represents? The dollar was made into a stick pin and has been worn by Mr. Plummer for many years. How valuable is it? Let us know.

## Millinery Opening.

Mrs. R. L. Powers, April 10 and 11.

One hundred and twenty-six trimmed hats were shown at Mrs. R. L. Powers' Easter opening, Friday morning, when the curtains went up. The window was in white and gilt and you looked at the tastefully grouped millinery therein through a frame of white ribbon.

Mrs. Powers is assisted this season by Nina Keyes, Agnes Kershaw, Mrs. Frank Dunham and Annie Fox.

There were hats for all occasions, the elaborately trimmed picture hat, the snug and cozy turban, the sailor, the walking hat and the ready-to-wear.

The store was decorated in pistachio green and white. Flowers that will be worn later were banded along the entire length of the store on one side, the trimmed hats made the other side look bright.

Most of the toques show a wide difference between their brims and their crowns. Some of them have their crowns covered with ribbons of net or chiffon and a brim of differently colored material. Toques should be purchased with discrimination, for if they are commonplace they are so to a degree, and while if smart and suited to the size and contour of the woman's face and coiffure they are extremely chic. There are some fine turbans shown. A black fillet band over white meline, crown of small white flowers, black wings on side, jet pins and black velvet ribbon. A turban shaped made of white meline, tuscany straw, pink ribbon, small pink flowers, fancy feather. There were the high turbans, some with military pomps. One in brown was particularly pretty.

A large black lace hat with black quills that started sideways from a black owl's head in front with starting eyes that make one feel creepy. One more widow of Alice blue straw was twenty-four inches across from rim to rim, side-wise and four pairs of black wings that spread across the front gave a good twenty-six inches. The hat was faced with black lace. The ribbon was black velvet with a pair of large fancy pins in colors to carry out the hat's color effect.

Another hat nearly as large was of white lace, with quantities of light blue hops, a generous bunch of red cherries, rows of narrow lace for the crown, green velvet ribbon collar with green velvet bow on side.

But the king of all hats for size, the real jumbo, was made of blue chrysanthemum braid, white lace faced rim with the lace cascaded on band, a daisy blue silk plaited around the high crown and a large bunch of French flowers in front.

There were plenty of hats of medium size. One was a neat hat of peacock blue with a shirred crown that took six yards of good blue ribbon, a large bunch of dull pink roses. A little white hat with a meline plaited crown in rainbow effect, white plumes. A striking hat was a white leghorn faced with black velvet, oyster shade, lace insertion in rim between the velvet facing and a violet fold under the very outside portion of the rim, four rosettes of oyster shade narrow lace with white daisies center around the crown and a white meline pompadour. Then there was a blue point d'esprit, blue chiffon fold, on edge, moss green velvet ribbon and red roses and moss.

The old English walking shapes seem like old friends. There was one very pretty in brown with a large leather brown rose, brown and white plaited lace around the crown. An old blue hat took the eye faced with Alice blue, a blue braided band about the crown in light and Alice blue, partridge feathers in a bluish shade and blue lace intermingled.

A sailor hat in leather brown with five buckles of chrysanthemum braid about the crown through which passed a band of green ribbon. This was finished on the side front with a large fancy green feather. A dome with crown in different shades of Jacques roses and foliage, and a fancy feather in light Jacques shade, hat faced with brown meline. A black chip hat with band of coral shades, blue wings and large pins. A Boston Derby with long hair with two ends and lilies of the valley alternately standing around the crown, roses in the light and dark Jacques shades.

The children's hats are very pretty, especially the large fancy lace straws and daisy hats. A child's poke in white braid was faced with shirred blue meline, blue ribbon ties, headed with rosettes, wreath of little pink roses and blue forget-me-nots.

How the ladies enjoy going to a millinery opening! The hats are so different, the hats, trying on one after another for the very joy of the hats' presence. Then comes the difficult matter of choosing one out of the many.

This woman says she was saved from an operation by Lydia E. Pinkham's Vegetable Compound.

Lena V. Henry, of Norristown, Ga., writes to Mrs. Pinkham:

"I suffered untold misery from female troubles. My doctor said an operation was the only way to I, and I dreaded it almost as much as death. One day I read how other women had been cured by Lydia E. Pinkham's Vegetable Compound, and I decided to try it. Before I had taken the first bottle I was better, and now I am entirely cured."

"Every woman suffering with any female trouble should take Lydia E. Pinkham's Vegetable Compound."

**FACTS FOR SICK WOMEN.**

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

## How is Your Stomach?

Easy Way to Strengthen It and Get Well. A good digestive system, one that acts so that you do not know that you have a stomach, is God's birthright to every man—to every woman.

If digestion is weak, if food turns into gas, if you suffer after eating, if you are sleepless, nervous and out of sorts—then the stomach is diseased and prompt action should be taken.

W. A. Ennis, a well-known builder in Syracuse, tells an easy way to strengthen the stomach and get well when he writes: "Mi-o-na Stomach Tablets have done more for me in one week than all the doctors the two years I was under their care. Thanks to Mi-o-na, I can work once more, the first time in over a year."

It is a fact that the stomach is the stomach and cure indigestion by using Mi-o-na. Get a 50-cent box from Noyes Drug Store with their guarantee to refund the money unless the remedy does all that is claimed for it. 10-17

**Prominent Physicians.**

Endorse Our Cod Liver Preparation, Vinol.

Many of the most eminent physicians are now prescribing Vinol as the most satisfactory cod liver preparation. Thus it is fast superseding other forms of cod liver oil and emulsions.

W. N. Rand, M. D., of Evans Mills, N. Y., writes: "From personal experience, I am able to appreciate the value of your cod liver preparation, Vinol. I have used it and prescribed it largely during the past eighteen months, and I can truly say that Vinol is all you claim for it and more."

Dr. Bonchelle of Thomaston, Ga., a physician well known in the South, writes: "I use Vinol in my family and in my general practice with most excellent results for bronchitis and pulmonary troubles and to create strength."

Another physician writes: "I am satisfied that Vinol derives its wonderful life-giving and strength-creating power from the medicinal curative elements found in the cod's liver. It is the most satisfactory strength creator and vitalizer for old people, weak women and delicate children which it has ever been my pleasure to prescribe."

The reason that Vinol has such remarkable curative and strength-creating power is because it is made by a scientific, extractive and concentrative process from fresh cod's livers, combining with peptonate of iron (which is a powerful condenser for the food) all the medicinal, healing and body-building elements of cod liver oil, but no oil.

We ask every person in Norway, Me., who is in need of such a medicine to try Vinol on our guarantee to return money if it fails to give satisfaction. Frank P. Stone, Druggist, Norway, Me.

## Poultry.

What Breeds are Best for the Market. Original paper by Mrs. Clara J. Hamlin read before Bear Mountain Grange at its last meeting.

Other things being equal that breed is best which we like best. There is no breed that combines all the excellencies and has none of the defects. There is no breed that does not have its admirers.

The American breeds on the whole are the favorites. They are all-round birds, good layers of brown eggs, excellent for the table, good sitters, and mothers. They stand the cold well and are the birds for farmers and breeders. They are the barred, buff and white Plymouth Rocks, all the Wyandottes and the Rhode Island Reds. These are great money making varieties.

It will be a great day for the poultry business when farmers keep more pure bred fowls, for then the great standard varieties may be kept up without danger of deterioration.

It is better for the average poultryman to confine himself to one variety. He will get better results and make more money. More egg records are wrecked by keeping old hens in the flock than in any other way. There is always a temptation when a hen has laid well to keep her the second year. This temptation must be resisted if one is in quest of a big egg record.

You may say it is an axiom that it is the pullets that give the big egg record. It is the pullets that lay and early hatched pullets at that. Get out your chickens in March, April and May if you would have winter layers. Never get to old to learn.

## Often The Kidneys Are

Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle

by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Hyomei Gives Relief in 10 Minutes—Cure Over Night.

Everybody knows, or ought to know, that Hyomei is recognized among scientists as the specific for Catarrh, Asthma, Bronchitis and Hay Fever, but there are a great many people who do not know that Hyomei will cure a cough or a cold in less than 24 hours.

## A BOYS' VACATION.

A novel booklet has just been issued by the Grand Trunk Railway entitled, "What shall a boy do with his Vacation?"

The book answers this annual puzzle in a manner that should prove satisfactory alike to parents and boys. The idea developed by the brochure is the establishment of boys' camps in the wilderness, where the youngsters could live under canvas and get a genuine bit of simple life, with plenty of fishing, swimming, rowing and other outdoor sports, while instruction in woodcraft and such nature studies make the camps veritable schools of the wilds, such as would rejoice the hearts of Dr. Long, President Roosevelt or other advocates of the simple life.

The booklet tells of many such camps in the Temagami, Lake of Bays, Algonquin Park and other districts, with illustrations of the way the boys spend their time and the fish they catch, which should prove attractive to a good many besides boys. A postal card to the undersigned will secure a copy without cost. J. Quinlan, D. P. A., Bonaventure Station, Montreal, Que.

20th Anniversary of T. A. Roberts Post.

The twentieth-anniversary of T. A. Roberts Post was celebrated Friday, April 10th, in Robinson hall. It was a magnificent day, warm, pleasant and basking a little and everything tended to a good time. The members of the W. R. C. were on hand early and things were in apple pie order to welcome the veterans, their friends and visitors from surrounding towns.

The incoming trains and teams brought many familiar faces and by dinner time the hall was comfortably filled. The time from 9 a. m. until 11.30 was taken up in a social way and enjoyed as only such gatherings can be taken enjoyment. At 11.30 the line of march was taken up to the dining room in S. of T. hall. The tables were tastefully arranged and literally groaned with their loads of good things. It was a feast such as a hungry man likes to sit down to, and if any one went away without being satisfied it was their own fault.

After dinner cigars and stories were in order until opening of afternoon program. Promptly at 1 p. m. the exercises began with remarks of welcome by C. T. Wardwell. Mr. Wardwell stated that of the 26 charter members, 12 had died, one transferred and 12 were in good standing. The first speaker was E. A. Roberts of Portland, son of T. A. Roberts for whom the post was named. Mr. Roberts spoke fittingly of the occasion. Then followed the song, "Tramp, tramp, tramp, the boys are marching." The reading of an original article on Lee's surrender by Agnes Fuller came next. This article was nicely adjusted to the occasion.

Solo by Ida Stone, "Col. Flag." Captain Bucknam of Mechanic Falls spoke in a humorous strain, saying that he probably did more running than any other two men. When he enlisted there were only two things left to do, join the Methodist church or go to war, and he chose the latter.

Song, "The Star Spangled Banner," by Mrs. Linnie Denning. Song by Marion Fuller. Little Miss Fuller, who boasts of having a family tree whose descendants were intimately connected with every war back to Washington, sang without the aid of an instrument and received a well merited ovation. Major Greene of Portland, a past department commander, was next speaker. In speaking of Lee's surrender it was one of the most notable events in American history, and brought out the fact that four members of this post were present at the surrender. Song by Ida Stone, "We shall meet but we shall miss him." Next came a humorous reading by Agnes Fuller.

Mrs. Laura E. Stevens, department commander of W. R. C., read her remarks, which she had embodied in poetical form. They were very fitting. Song by the Little Girls, Pearl Locke, Jennie Lebroke, Verna Denning. Rev. J. H. Little of South Paris spoke at some length of the new Sherman bill, the ingratitudes and forgetfulness of the country for the old soldier's services.

A song, "Marching through Georgia," by George Jones was followed by the presentation to the post of \$20 by the president of the W. R. C., Agnes Mulholland. The gift was acknowledged and accepted in behalf of the post by C. T. Wardwell. George Jones and Portland gave several interesting reminiscences of the war. J. H. Hunting related some personal experiences while campaigning for Indians in New Mexico.

The day was fittingly brought to a close with the singing of America. The post by a rising vote thanked the W. R. C. for their generous gift.
